Noble Agrees to Sell Island Pond Claims to Benton Resources Inc.

TORONTO, October 14, 2025 – Noble Mineral Exploration Inc. ("Noble" or the "Company") (TSXV: NOB) (OTCQB: NLPXF) is pleased to announce that it has entered into an agreement to sell its Island Pond claims in Newfoundland & Labrador to Benton Resources Inc. ("**Benton**") (TSXV: BEX).

The Island Pond claims are a group of 7 mining claims located in Central Newfoundland, covering an area of approximately 175 hectares. The Island Pond property is strategically located north of Benton's South Pond Gold Zone within the Great Burnt Copper-Gold Project area. Under the agreement that was signed, Noble would sell these claims to Benton in exchange for 1,000,000 common shares of Benton and a payment of \$30,000. The shares will have a standard four-month hold period as required under TSX Venture Exchange policies. In addition, Noble would retain a 1% net smelter returns royalty that would not be subject to any buyback rights. However, Benton would hold a right of first refusal over any proposed sale of the royalty by Noble. The property is also subject to a pre-existing 2% net smelter returns royalty.

Closing of the transaction is subject to satisfaction of certain conditions, including obtaining approval of the Board of Directors of Noble, as well as any required approval of the TSX Venture Exchange.

Noble's CEO, H. Vance White said "Noble will retain a 1% NSR on the 7 mining claims being sold subject a right of first refusal to Benton. We wish to congratulate Benton on the success they have had to date on the Great Burnt and look forward to results in the future."

About Noble Mineral Exploration Inc.

Noble Mineral Exploration Inc. is a Canadian-based junior exploration company, which has holdings of securities in Canada Nickel Company Inc., Homeland Nickel Inc., East Timmins Nickel Inc. (20%), and its interest in the Holdsworth gold exploration property in the area of Wawa, Ontario.

Noble holds mineral and/or exploration rights in ~70,000ha in Northern Ontario and ~14,000ha elsewhere in Quebec and Newfoundland, upon which it plans to generate option/joint venture exploration programs.

Noble holds mineral rights and/or exploration rights in ~18,000 hectares in the Timmins-Cochrane areas of Northern Ontario known as Project 81, ~2,215 hectares in Thomas Twp/Timmins, as well as an additional 20% interest in ~38,700 hectares in the Timmins area and ~175 hectares of mining claims in Central Newfoundland. Project 81 hosts diversified drill-ready gold, nickel-cobalt and base metal exploration targets at various stages of exploration. Noble also holds ~4,600 hectares in the Nagagami Carbonatite Complex and its ~3,200 hectares in the Boulder Project both near Hearst, Ontario, as well as ~3,700 hectares in the Buckingham Graphite Property, ~10,152 hectares in the Havre St Pierre Nickel, Copper, PGM property, and ~1,573 hectares in the Cere-Villebon Nickel, Copper, PGM property, ~569 hectare Uranium/Rare Earth property (Chateau) and a ~461 hectare Uranium/Molybdenum property (Taser North), all of which are in the province of Quebec.

Noble's common shares trade on the TSX Venture Exchange under the symbol "NOB."
