## **Noble Closes Non-Brokered Private Placement and Settles Debt**

**TORONTO, March 11, 2026 – Noble Mineral Exploration Inc.** ("Noble" or the "Company") (TSXV: NOB) (OTCQB: NLPXF) is pleased to provide the following updates.

### **Private Placement**

Noble closed its previously announced non-brokered private placement (the "Private Placement"). (Please see Noble's news release of March 4, 2026.) Noble raised gross proceeds of approximately \$1,050,000 (before fees and expenses) through the issuance of 7,000,000 flow-through common share units ("FT Units") priced at \$0.15 per unit. Each FT Unit was comprised of one common share issued as a "flow-through share" as defined in the Income Tax Act (Canada) and designated as a flow-through common share ("FT Share"), and one-half non-flow-through common share purchase warrant, with each full warrant being exercisable for two years for one common share of the Company at an exercise price of \$0.20 per share. In this Private Placement, Noble issued a total of 7,000,000 FT Shares and 3,500,000 warrants.

The securities issued in this Private Placement are subject to a four month hold period.

The Private Placement is subject to customary closing conditions, including the approval of the TSX Venture Exchange. Noble intends to use the proceeds raised through the Private Placement to fund exploration expenditures for critical minerals on the Company's properties.

### **Debt Settlement**

Noble has received the required approvals and is settling debt as announced in its February 19, 2026 news release. As further described in that news release, Noble settled *bona fide* debt with an arm's length party through the payment of \$14,000 in cash and issuance of 466,666 broker warrants, each warrant being exercisable for one common share of Noble at a price of \$0.125 per share for a period of two years following their issuance. All warrants issued in the debt settlement transaction are subject to a four month hold period.
